

The Ohio State University

Survey for Production Animal Stakeholders

Below is a link and QR code to a survey designed to assess the production animal stakeholders' attitudes and perceptions towards the wellbeing of the animals they work in relation to various environmental conditions.

This survey is completely anonymous and will not ask or collect any personal or company identifiable information.

WHY TAKE THE SURVEY?

The information from the results of this survey will help veterinarians in aiding production animal stakeholders in practical and effective measures for sustainability and longevity of the industries.

WHO CAN TAKE THIS SURVEY?

Only those working in production animal industries in the United States and are over the age of 18 are eligible to participate.

HOW DO I TAKE THE SURVEY?

To take the survey, please scan the QR code with a smart phone or type the link below into a web browser to take you to the survey.

QUESTIONS ABOUT THIS SURVEY?

For questions about this survey, please contact the primary investigator, Dr. Collin Kramer, by email at kramer.543@osu.edu.
