

# Director of Extension Center for Health Outreach

College of Agriculture, Forestry, and Life Sciences

## THE ROLE

Lead Clemson University's Extension Center for Health Outreach (ECHO), driving collaborative efforts to address public health challenges. As Professor and Inaugural Director, shape ECHO's strategic direction, advocating for impactful research and education initiatives. Leveraging Clemson's land-grant heritage, ECHO serves as a centralized hub for health innovation, uniting faculty, Extension staff, and community stakeholders. Through partnerships and resources, ECHO aims to make a meaningful impact on public health and community well-being. This role offers a unique opportunity to lead transformative change, fostering collaboration and inclusivity to address diverse health needs. Join us in shaping the future of public health at Clemson University.

## OUR ORGANIZATION

From a graduating class of 37 in 1896 to today, Clemson has become a strong force in higher education and gained national recognition in areas from academics to athletics. Throughout the past decade, the University has consistently been ranked among the top 25 public institutions by U.S. News & World Report. During this time, the number of student admission applications have more than doubled, and the number of graduate degrees awarded has more than doubled.

A Carnegie R1 public research institution, Clemson University is where purpose-driven students, faculty and staff collaborate on projects that impact our state, country and world. Across more than 80 undergraduate majors and 130 graduate degree programs, artists, scientists, authors and engineers begin the work that will define their careers and our culture.

It is a great time to become a Clemson Tiger!
