

Monthly Update: COVID-19

Summer Travel Tips

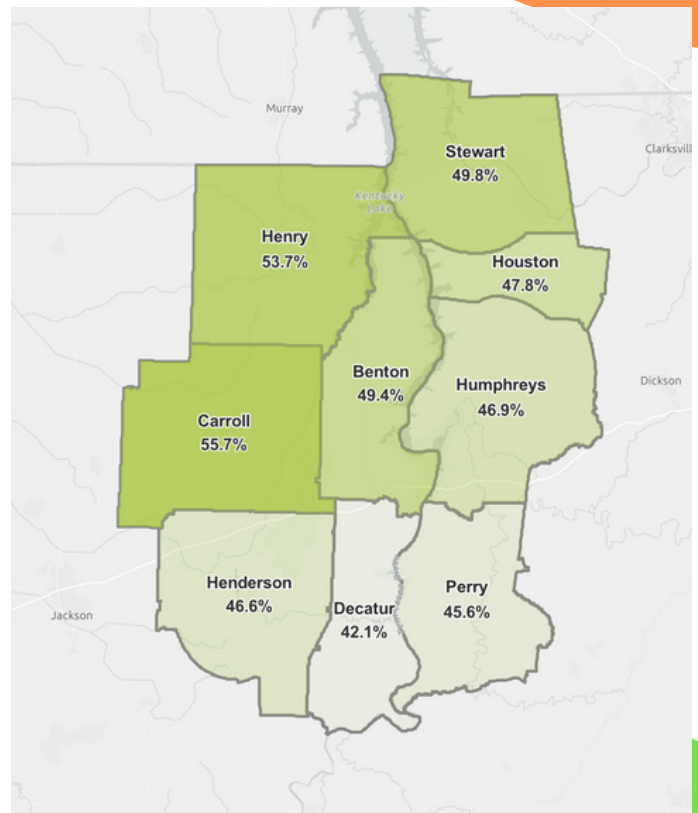

With summer travel just around the corner, remember to...

- Check your vehicle's tire inflation and fluid levels
- If flying, determine any COVID-19 guidelines and recommendations
- Let someone know your travel plans
- Make sure your vaccinations are up to date

Remember: Your local health department has the COVID-19 vaccine available. Call (731) 584-4944 for details!

The map at right shows the percentage of residents in Benton County and its neighboring counties who had at least one dose of a COVID-19 vaccine as of May 1, 2022.

At **49.4%**, Benton County ranks **48th** in Tennessee for vaccinations.

Meigs, the highest-ranked county in TN, has a **76.1%** vaccination rate.

77.7% of Americans have received at least one dose.
