A photograph of a family of three—a man, a woman, and a young child—sitting on a wooden dock by a pond. The scene is set in autumn, with trees in the background showing yellow and orange foliage. The man is on the left, the woman is in the middle, and the child is on the right. They are all looking down at the water. The dock is made of weathered wooden planks and has some fallen leaves on it. The water in the pond is calm, reflecting the surrounding trees and sky. The overall atmosphere is peaceful and serene.

**COVID-19 vaccines
strengthen your
immune system.**

**They can help protect
you from getting sick
in the future!**

A pregnant woman with long dark hair is sitting in a brown leather chair. She is wearing a white long-sleeved top and a white fuzzy cardigan. She is looking down at her belly with a gentle smile. The background is a plain wall with a window on the right side. Two speech bubbles are overlaid on the image, one in the top left and one in the middle left.

Are COVID-19
vaccines safe for
pregnant women?

Yes!
The American College of
Obstetricians and
Gynecologists
recommends COVID-19
vaccination during
pregnancy, as there are
no known safety concerns.
